To whom it may concern

Re: Myrtha Pools

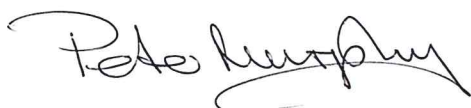

In 2005 Myrtha Pools were contracted and successfully constructed an outdoor 50m 10 lane competition pool and additionally a Hydrotherapy pool within the Melbourne Sports and Aquatic Centre (MSAC) Wellness area on level 2 of the MSAC building.

Since being commissioned and becoming operational the Myrtha pools have in their own right provided against the output expectation we sought with the competition pool meeting full requirements for major international competition but also being regularly utilised by some of Australia's finest athletes and thousands of casual users and the Hydrotherapy pool providing the service required within the Wellness area.

It has been our experience to observe that Myrtha Pools operate with a continual professional customer service approach to their contracts with their Representative maintaining regular communication and site visits with our Facilities Manager.

I would recommend Myrtha Pools be contacted by anyone considering installing new pools or contemplating a renovation project on an old pool.

Yours sincerely,

Peter Murphy
